Open Course Final Report

For reference only. Subject to change and will be communicated and agreed with the team.

Note: Submitted reports may be published (in whole or in part) by the National Forum/HEA to support sectoral sharing of practice. Please ensure that any supporting material (e.g., images, participant comments) is anonymised or that the necessary permissions have been secured.

Title of Open Course

Contributors

List all contributors involved in the project (names, roles, affiliations).

Institution(s) and Partner Organisations

List all higher education institutions and partners involved.

Audience

Indicate if this was targeted at staff, students, or both.

Timeline

Provide development and delivery dates (start – completion).

Initiative Description

Outline or Description

Provide a clear and concise summary of your Open Course: aims, scope, and why it was developed. (max. 600 words)

Collaboration & Partnerships

Describe how the project was developed collaboratively across institutions and/or with external stakeholders. (max. 150 words)

Delivery & Learning

Intended Learning Outcomes

List the measurable learning outcomes linked to the Open Course and digital badge. (max. 150 words)

Course Delivery

Describe the first rollout: format, structure, number of participants, facilitator training add-on. (max. 150 words)

Teaching & Learning Approach

Outline methods, pedagogies, and principles applied in the course (e.g., Universal Design for Learning). (max. 150 words)

Assessment Approach

Explain the peer triad process and any other methods used to support participant learning. (max. 150 words)

Evaluation

Evaluation / Feedback

Summarise the evaluation method, feedback gathered from participants and facilitators (e.g., surveys, informal reflections, comments). (max. 400 words)

Anticipated Outcomes

Describe the expected benefits of this Open Course for the wider higher education sector (e.g., professional development, capacity building, facilitator networks, institutional impact). (max. 200 words)

Lessons Learned / Recommendations

Share up to three key insights or recommendations for others who may wish to replicate or adapt this approach. (Required)

Useful Resources

Provide links or references to up to three resources that supported the project.

Supporting Material

- *Images (screenshots, delivery, outcomes) – with permissions.*
- *Anonymised participant or facilitator comments (optional).*

Funding

☐ *The project team confirms that all awarded funding has been spent in line with the agreed plan, or where some funding remains, an intention for use has been agreed and provided, or the balance has been returned.*

Self-Study Version

☐ *The project team confirms that a fully packaged self-study version of the course has been completed and agreed.*
